Clair Belzer of the BC Wagonmasters has requested map packets. Ed said he would send a good copy so she can make their own. Monies will be returned by mail.

The Everett Club is busing to the Abbotsford show again this year. \$14 leaving at 8AM, will be stopping for dinner on the way back. Contact Mel Buhr (425)-338-2184.

The treasurer's report was given. Money has been coming in from yearly club dues. A check was written for stamps.

Wagonmaster report:

- Map sales went well at the Everett show. At the Oak Harbor show, 3 times as many map packets we sold as last year.
- The new Riker mounts showed Ed's cabs well, people could see the different materials without doing much digging in that can. They will also be more protected.
- Red Top: Bill Snell is working on getting the key for First Creek to provide better access for people with disabilities or the elderly.

Old business:

- We need to update our club officers on the web page. Please send the most current club information to the editor Glenn Morita at:

1011 128th St SW #E103  
Everett, WA 98204

or by e-mail at:

[gmorita@seanet.com](mailto:gmorita@seanet.com)

New business:

- Senate Bill 6195 is dead in the water

Open discussion:

- At the Oak Harbor show, a local flint knapper asked about local obsidian. A beautiful piece was shown at the field trip for jade near Sedro Woolley.
- We talked about the Mt. Baker vents about how the area smells like sulfur.
