Keep updated on http://www.mineralcouncil.zoho.com Land management changes, and roads close regularly. There is a area on web page with tool category in pictures and names of tools.

Always have proper cloths and gear for conditions. Be prepared with safety, first aid, food and drink.

A week before trips I (Ed Lehman) will have a pdf file with map and info for that trip I can send you on request. I will do the same for trip host.

Try to be at the meeting site 30 minutes before trip time for details and instructions with a full tank of gas.

Use code of ethics, keep our lands open to rockhounding.
